A Coalition Of One

by Michael in New York on [9/23/2004 01:06:00 AM](#)

The United States has 150,000 troops in Iraq. (Not nearly enough to get the job done.) Great Britain has the next highest number of troops. Their total? 7,000. And Maureen Dowd mentions in [her latest column](#) that the London Observer reports the UK is going to cut that number a third to under 5,000. That means soon 97% of the troops in Iraq will be ours and ours alone. Some coalition.
