**BREAKING: Wolf Blitzer On CNN Has Lost His Mind**

by Michael in New York on [9/05/2005 04:43:00 PM](#)

Wolf Blitzer on CNN just showed footage of Air Force One taking off from another photo op in Mississippi and this is exactly what he said:

Air Force One is taking off from near Gulfport, Mississippi on its way back to Andrews Air Force Base outside Washington. The President has been in the region touring once again. He was in the region on Friday. He came back today **cancelling so many of his plans for Labor Day, ALL of his plans for Labor Day and for so much of the month of September** as he focuses in now one week after this hurricane struck almost exclusively on this tragedy, on this horrible, horrible situation.

Well, guess what: the people of New Orleans had to cancel their Labor Day plans as well. Really, is Blitzer out of his mind? Bush cancelled his plans for Labor Day? The man just spent five weeks in Crawford, Texas on one of the longest Presidential vacations in history. For God's sake, how pathetic is the MSM, trumpeting Bush cancelling his plans for a holiday weekend as if he's made major sacrifice instead of telling people again and again that during the first crucial three days of this disaster when the federal government failed completely and people died unnecessarily, BUSH STAYED ON VACATION. How low are they going to lower the bar for this man? Bush cancelled his plans for Labor Day?!!!!? [Email Wolf Blitzer here.](#) Unbelievable.
