Bush Endangers National Health!

by Michael in New York on [10/19/2004 06:46:00 PM](#)

New York One just reported that the FDA is negotiating with a Canadian company to get more than a million flu vaccines imported into the US. Isn't Canada the same inferior nation whose medicine was too inferior and unsafe to allow into our country? Why is Bush willing to endanger the health of our seniors with that shoddy Canuck snake oil?
