## Bush Flip-Flops On Taxes

by Michael in New York on 8/15/2004 03:17:00 PM

Actually, Bush simply has no idea what he's talking about when it comes to a national sales tax. Bush was in Florida last week and told a hand-picked audience it was an interesting idea that they ought to explore. Later, his own staff said that the President had no idea what he was talking about -- okay, they just denied that Bush is considering such a tax, even though that's exactly what he said he was doing. Nice twist? **Kerry effectively slams Bush on it.**
