Kerry Leads in Florida!

by Michael in New York on [8/12/2004 09:03:00 AM](#)

Yep, John Kerry pulls ahead of Bush in [the latest Florida poll](#). But why does this AP story characterize a swing from a dead-heat at 43% each to 47% for Kerry and 41% for Bush as a "slight" lead? That looks like a *significant* change to me. Another thing, why isn't this more prominent on the NYT website? I'd call this breaking news more important than a piece on Giuliani being Bush's attack dog, an update on the Kobe Bryant case and other stuff placed higher.
