Questions For Condi

by Michael in New York on 9/06/2005 10:03:00 AM

I can't believe the MSM is letting Condi Rice defend the President's callous indifference to the suffering and death during the worst natural disaster in our nation's history. Why aren't they asking Rice to defend her own shameful actions? Some questions:

1. What was Rice's exact itinerary during the worst natural disaster in our nation's history? What time did she leave for her New York City vacation? It was late Monday or Tuesday -- after the levees broke and the disaster spiraled out of control. But it would be nice to know exactly what horrors were going on when she decided it was time for a break.

2. Did Rice enjoy "Spamalot?" Tickets normally cost \$100.00 but they're very hard to snag. How much did her tickets cost? When Rice responds that the question is inappropriate at a time like this, ask her why GOING TO THE SHOW IN THE FIRST PLACE wasn't inappropriate at a time like this?

3. What else did Rice do on Wednesday while New Orleans was sinking into chaos?

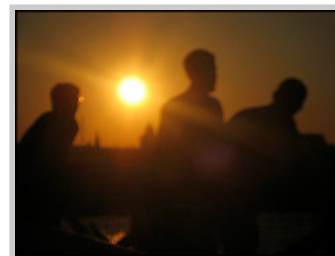

4. How much did the shoes Rice bought at Ferragamo on Fifth Avenue cost exactly? Can we see them? Reports say the pair of shoes cost in the thousands. Was she really accosted by a woman who berated Rice for being on vacation during the worst natural disaster in our country's history? How did that make Rice feel? Does Rice realize that while she was spending an obscene amount on shoes that Americans were digging deep into their pockets to donate money to the Red Cross and wondering how else they could help? Does she realize what a terrible contrast that is?

5. When and where did Rice hit tennis balls with Monica Seles? Did she watch any television during this pleasure trip? Did she see images of the death and destruction in her own home state and throughout the region?

6. When did Rice decide to cut her vacation short? Thursday morning? Thursday afternoon? Why did she cut it short? How many countries had called her offering their support and aid when she got back to work on Thursday afternoon? When did they call? Did anyone return those calls on Monday? On Tuesday? On Wednesday? When did Rice herself return those calls offering precious medical and rescue aid?

7. How can Rice possibly defend GOING ON VACATION during the worst natural disaster in our nation's history? How can she defend the President staying on vacation during the worst natural disaster in our nation's history? How can she defend the Vice President STAYING ON VACATION FOR THE ENTIRE WEEK during the worst natural disaster in our nation's history. Isn't it obvious that a key reason the Bush administration failed completely during those first crucial 72 hours was because all of its top people were on vacation and didn't bother to return
