## Suicide Bombers Attack Innocent Israeli Citizens

by Michael in New York on 8/31/2004 03:12:00 PM

I don't care where you stand on the Israeli-Palestinian debate, suicide bombers are immoral and despicable and should be condemned at every step. They undermine the moral legitimacy of the Palestinians and target innocent people. Isn't the biggest attack on Israeli men, women, and children in six months -- **15 dead so far and more than 85 wounded** -- shameful? Does it compare to targeted Israeli attacks against top Palestinian militia people which try to minimize civilian casualties? No.

So is this the latest front in the war on terror (which we can or can't win, depending on which Bush quote you want to use)? Or, as some would have you believe, is the fact that we defend and support Israel (the only legitimate democracy in the Middle East) the only reason there's a war on terror in the first place?
