## The Duelfer Report -- Facts Don't Lie

by Michael in New York on 10/06/2004 02:48:00 PM

Here's the LATEST investigation into the facts about the war in Iraq, what the Bushies claimed and the actual facts on the ground. It's the **Duelfer Report** and it couldn't have come at a worse time for Bush.

One highlight from the NYT:

"The finding amounted to the starkest portrayal yet of a vast gap between the Bush administration's prewar assertions about Iraqi weapons and what a 15-month postinvasion inquiry by American investigators has concluded were the facts on the ground."
