

★ ★ Lord of the Flies

*Oaks Six East*

The original film version of this story was shot crudely in black and white on a barren landscape. It had a certain cautionary power. This new treatment seems merely routine. Piggy, who is supposed to be the calm voice of reason, comes across as blubbing and pitiable. Read the book instead.

COLUMBIA PICTURES

*Paul Balthazar Getty may be cute, but even he can't save Lord of the Flies.*
